CYPRESS RESIDENTS FIGHT WIDENING

Residents of Cypress St. make a grim faced group as they examine a petition of nearly 40 names demanding that the Board of Supervisors "lay off" a plan to widen Cypress St. which would "take" lawns, hedges and piece and quiet' of their homes.

Residents say that there is a move to change the street, which has two ell turns and on S turn in it, into a "freeway" against the express objection of every resident on the street.

Those in the photograph who are spearheading the resistance are front row, R. L. Sedar and H. C. Lane. Back row, standing: George Loveday, Henry Lane and Herbert A. Morris.

The tempest was stirring in the Cypress Street tea-pot again this week as county engineering representatives canvassed the street in an attempt to obtain live foot easements along that twisting right-of-way.

Residents and property owners, almost to a man, along the street restated their determination to give none of "our fences and

hedges and lawns to make this secondary street a major highway."

Spearheading the movement to stop the county action was R. L. Sedar, 2352 Cypress, and H. C. Lane, 2330 Cypress. They had taken similar steps in the spring when an aroused citizenry marched en masse on the Lemon

Grove Chamber of Commerce to demand that they retract a recommendation that Cypress be improved to become the major connecting link between Lomita Village, Monterey Heights and Lemon Grove.

At that time a letter from Joe Mack, Superintendent of the County Road Department was read, which spokesmen for the Chamber interpreted as promising that no property would be taken along Cypress; that the request and survey was for widening of Alton and for opening the corner at Alton and Cypress. Residents along the street and many other citizens went on record as approving an extension of Skyline Dr. to connect with Broadway to ease the traffic situation which followed the building of the 3,500 population Lomita Village.

Joe Clark, right-of-way agent for the County, who attempted to get the five foot easement said "we offered to pay for all fences and hedges we moved. We expected in return a five foot right-of-way that we would use for making sidewalks. The curbs at the edge of the sidewalks would be 40 feet apart and the sidewalk area would simply be a graded affair rather than asphalt or concrete," he said.

Clark said that of the people he had asked for an easement all of them had been very definite in their refusal. One man said, however, that he would go along with the plan if the rest would, but he would first have to ask his wife whom he thought would not permit it.

Local Lassies Mail Early

A record number of Christmas packages are clearing thru the Lemon Grove Post Office as the holiday rush begins.

To assure delivery before Christmas the Post Office has established deadlines up to which delivery is guaranteed.

Two local ladies who have added their packages to the huge stock in the picture above are Mrs. J. Quinlan, mailing a gift back east, and Miss Mary Rhys, sending a package to her overseas boy friend.

Postmaster "Frenchy" Faucher says that deadline for mailing packages to Europe and the Armed Forces is November 15. For South and Central America it is November 22. Deadlines for parcels intended for the United States, Canada and Mexico are east coast, December 10, west coast, December 18, and Alaska, December 18. Articles mailed after these dates cannot be assured Christmas delivery.

Another piece of sound advice is the shopping for stamps early idea. First the mailer avoids standing in line to buy stamps and then it gives the sender an opportunity to get the cards addressed and stamped for mailing

Bob Mading Gets To Korea

The 2d Division took part in two of the Korean conflict's most historic battles. It captured "Heartbreak Ridge" after weeks of bitter fighting in 1951 and took "Old Baldy" in 1952.

Private Mading, an instructor, entered the Army in January and completed basic training at Fort Ord. A former student at Grossmont High, he was a carpenter in civilian life.

Juniors Put Life In Sagging Youth Program

The Lemon Grove Woman's Club Juniors, this week put their efforts behind a Youth Recreation Program which was to be held at the Grove Youth Center.

A record turnout of interested citizens attended the regular monthly meeting of the Youth Center Control Board and the women asked for an integrated plan which would serve all of the youth in the community.

George Finegan was named chairman of a group to coordinate plans already prepared by the Juniors with a plan recently completed by the Lemon Grove Recreation Committee which is also included approval of archery contracts for various classes' projects throughout the district. The meeting is open to the public and interested Lemon Grove residents are invited to attend.

The group will meet with the Control Board on the first Monday of December with a complete plan of operation.

Barbara Cohenour of the Juniors said that the plan would fit within the physical limitations of the Youth Center building but that plans for the future encompassed a much greater area.

The group heard C. J. Hupp, County Parks and Beaches chief outline possible plans for future development of the Youth Center. He said that "it looks possible" that the office space hitherto occupied by the Civil Defense could be utilized by the Youth Center. He said that it depended upon Jean Vincenz, Director of Recreation, to approve the plan when he returns to the city later in the month.

Attention was focused upon a successful recreation program which was established during the summer at Monterey Heights. Activities at the Youth Center would be mostly social, it was indicated.

Local Planning Group Gets High Priority From County

There was a determined glint in the collective eye of the Grove Master Planning Group which met last Wednesday at the Judicial Court Room.

Dr. Willis Miller, director of County Planning, gave the 20-odd organization representatives who attended the meeting plenty of material to direct their determination against.

He told the group that Lemon Grove area was second in consideration for County Planning and that as soon as members could agree upon an overall direction, a plan would be worked out. He pointed out that a plan is a guide for development and that the group they represented were the leaders and directors of the future development of the community.

Among positive actions they took was the setting of boundaries of the planning area to be roughly a mile and a little larger than the boundaries of the Lemon Grove Elementary School District.

Committee members of the Grove Master Planning Group, this week, warned that letters should be sent immediately to the Board of Supervisors urging that the County Branch Administrative Plan be adopted as approved by the County Planning Commission.

"The battle is getting hot for these branches," they pointed out, "and every club and organization in Lemon Grove should express their desire to have a branch here."

Letters should be addressed to the Board of Supervisors, Civic Center, San Diego, and a carbon sent to Jessie Pearce, secretary, Lemon Grove Chamber of Commerce.

They also by unanimous vote, named Luther Hussey as chairman of the group and agreed to keep the meetings informal until the time approached for consideration of a definite plan.

Bart Dunn, Chief of County Planning, who accompanied Dr. Miller to the meeting, described the various access roads to Lemon Grove from the new freeway which will be built during 1954-55.

"The freeway will go under

Voters To Decide School Board Size

There will be no decision on a five-man board of trustees for the Lemon Grove School District it was decided last week at a School Board meeting.

The present three-man board admitted they had no plans to exercise their prerogative in setting up a five-man board. They will wait for voters to make the decision in May. At that time voters will decide whether they want a three-man board or five-man board and who the two trustees shall be. They will also decide who they will want to fill a vacancy when Harry Griffen's term expires.

School Bonds Up For Board Consideration

A discussion concerning the time and the amount of the proposed bond issue for the Lemon Grove School District will be heard at the regular monthly meeting of the Board of Trustees Monday evening, November 9, at the district offices, Acacia Street, at 7:30. The agenda will also include approval of architects' contracts for various classroom projects throughout the district. The meeting is open to the public and interested Lemon Grove residents are invited to attend.

Women Veterans Meet Saturday

Miss Betty Elwell, 3rd Vice Commander of the 22nd District American Legion has announced that the women veterans of San Diego and Imperial counties will gather at the U. S. Grant Hotel in San Diego on Saturday noon, November 7 in the Venetian Room for their annual Armistice Day luncheon. The Ladies Fighting Bob Post No. 364 will be hostesses and a fashion show will follow the luncheon. Miss Elwell informs us that there are a great number of women veterans in San Diego and Imperial County that can not be contacted personally and would like to extend a cordial invitation to them. Advance reservations may be made by calling F. 9-6779.

The MASON LINE

by Chan Mason
WE HEARD SOME INTERESTING statements last week from Assemblyman Ed Buley at the Kiwanis Club luncheon.

The State gets some 15 million dollars a year from a 2 1/2% tax placed on each dollar bet on the horses at the tracks. This entire fund is earmarked each year for State Fairs.

The question was asked, "How about upping that tax and using at least part of it for construction of Hospitals, Schools, etc?"

"Our Schools must not be supported by money derived from betting and to raise the tax might kill the goose that laid the golden egg," was Mr. Buley's answer.

He also mentioned that some tracks were big money makers, while others weren't.

Now we don't pretend to know the answer, but it does occur to us that this is a direct tax on the better not on the track and 15 million bucks is a lot of cabbage—and about 1/10th of that would have built our hospital for which we have just bonded ourselves.

We also feel that the so called "golden goose" (now badly tarnished) is the home owner and business man, not the race tracks.

—ML—
WE WONDER SOMETIMES just how many of our elected representatives realize they are elected as representatives of the will of the people. Certainly a better means of informing the people as to what is happening can be devised.

—ML—
THE SLOW BUT STEADY progress of our Master Planning Committee is indicative, we think, of what can be done through representative committees. It could be extended to include problems confronting our State Government as well as local problems only.

—ML—
AMERICAN EDUCATION week starts November 8th and runs through November 14th. All Grove Schools will hold open house and urge parents and interested people to drop in and see them during school hours that week.

—ML—
NICE PAT ON THE BACK OUR local school received in the County Magazine, "The Curriculum Journal" for the excellence of their teachers' work shop this year.

—ML—
SIGNS OF THE TIMES: LOOK for the demolition of an old building and the construction of a new business building within 30 days in the heart of the Grove business area.

Strange things are happening near Broadway and Kempf too.

—ML—
THE STRAIGHT-FROM-RE-shoulder editorial which ran in the REVIEW last week on the possibility of more saloons in Lemon Grove brought some immediate results.

While the editor did not identify the owner of the property on which the saloon was scheduled to go, we can report that at least one property owner, whose property answers the description, stopped in to state that no liquor place would be built on his property. His property is near Hussey's law office.

Grove Schools To Mark American Education Week

American Education Week will be marked in Lemon Grove and across the nation this year from Nov. 8 to Nov. 14.

The general theme is "Good Schools Are Your Responsibility." During the week special invitation to all parents to visit schools will be made by public and parochial schools.

Each of the Lemon Grove schools will have a special program. For example, St. John of the Cross will have events from kindergarten through eighth grade. Nov. 9, Schedule is so arranged here that visitors may start at 7 o'clock in the kindergarten class and attend each grade through the eighth at fifteen minute intervals. Probably the most effective program is the eighth grade one which will offer editorials on "Democracy of America Is As Strong As The Homes Of America."

This will be supplemented with posters and charts. In all grades textbooks, workbooks and papers will be on display.

The Lemon Grove Junior High School will have a PTA meeting on Nov. 12 at 7:30 and at 8 o'clock open house will be held. Parents will go to school and

Supervisors And Mountain Valley Group Fail To Find Sewer Solution

The County Board of Supervisors met Monday with the Mountain Valley Taxpayers Association to discuss future plans for sewers in Spring Valley.

Earl Barnes, the association's president, reported that they had no plans for solution of the problem.

The association recently led a successful campaign to defeat the bond issue for a sewerage system for the Spring Valley Sanitation District.

Many voters were led to believe that the association could produce a plan more efficient and reasonable than the one developed by the county engineers but this evidently is not in line with the association's action.

One of the plans proposed by the association was a hook up with the Lemon Grove system which in turn feeds into the San Diego sewerage system. The city manager of San Diego stated that no additional hook-ups outside of the corporate city are being considered.

Dave Bird, supervisor who represents this district, expressed disappointment that the MVTA failed to develop a plan. Moreover, he pointed out, they apparently do not intend to. This will work a tremendous hardship on all the residents in the Spring Valley area, he pointed out.

Hospital District Says 'Thanks'

A letter was distributed this week by the Grossmont Hospital District expressing appreciation from the Hospital Citizens Committee to the people who had approved the bonds necessary to build the new hospital.

In a letter signed by Robert L. Swearengen, chairman, he stated that an exposition of "old fashioned American attribute of meeting a problem with decisive action," had been shown.

He expressed his appreciation to the hundreds of workers who participated in the campaign and thanked all for the demonstration of good citizenship and of good neighborliness.

M.H. P.H.A. To Meet Thursday

Monterey Heights PTA meeting will be held Thursday, Nov. 12 at 7:30 p. m. in the school auditorium. A panel "To Talk It Over" will be presented by the sixth grade moderator, Paul Reynolds.

spend ten minutes in each class during American Education Week.

At the Golden Avenue School classroom visitations will be scheduled during the day by arrangement with the teachers.

This school, however, will hold an open house in the spring.

At Vista La Mesa School visitation and demonstrations will be held all week.

Open house will be held at Monterey Heights School on Nov. 12 from 6:30 to 7:45 p. m. with a PTA meeting following.

Open house at San Miguel will be also on Nov. 12 from 7 to 8 in the evening with a PTA meeting following.

In all of the above schools parents are free to visit the school at anytime during the week.

A program has been set up on a day to day basis for nationwide use. The first day, Sunday, Nov. 8, topic will be "Moral and Spiritual Foundations"; Monday, Nov. 9, "Learning the Fundamentals"; Tuesday, Nov. 10, "Build-

Woman's Club To Have 'Share A Dish' Program

By Mrs. Fred Scheneman
A pleasant, convivial, social affair to which the public is cordially invited, is promised by Mrs. H. J. Warner, chairman of the Lemon Grove Woman's Club "share a dish" supper and card party to be held November 20th at the Clubhouse, 2810 Main St. Separate tables for hot dishes, salads, desserts, etc., will facilitate continuous serving from 6:00 until 8:00 p. m., followed immediately by cards—bridge, canasta, samba, or the game of your choice.

The hall, resplendent in a Thanksgiving motif being planned by Mrs. L. D. Newton and Mrs. Frank Barber, will lend an inviting atmosphere to the abundance of good food and hospitality for which Lemon Grove is noted.

Those planning foursores are asked to bring dishes of suitable proportions, and all members are urged to invite guests.

Anticipating the customary large attendance at this pre-Thanksgiving festivity Mrs. Warner has requested the help in handling telephone details of Mrs. A. J. Henry and Mrs. A. P. Schnell, from whom additional information may be obtained.

Assisting committee members are Mmes. R. A. Drollinger, R. B. Fayhurst, Robert Castiglia, D. D. Laisey, and Alta L. Lemke.

Who isn't thinking of turkeys as Thanksgiving approaches? Practically everybody, and especially Mrs. Allen Moss who lives on North Rogers Rd. in Spring Valley.

Mrs. Moss is choosing one of Davis Food Center's fine, broad-breasted turkeys to grace her holiday table for herself, husband and daughter, Karen.

"I have been buying my family's groceries since Davis opened," Mrs. Moss said. "I like particularly the assortment that is available on practically every grocery item. It's more convenient and the prices are lower on most everything. I guess I'm like everybody else, they all talk about the produce department here. It certainly is attractive and pleasure to shop in."

Mr. Moss is an employee of Consolidated and has lived in Spring Valley for the past nine years.

"I don't mind telling everyone that we get everything for our family's table at Davis," Mrs. Moss added.

As usual Davis Food Center will have a fully supply of the tenderest broad-breasted turkeys for Thanksgiving. Prices, of course, will be as low or lower than anywhere else and every one of them is sold with a full money-back guarantee.

Briefly, the Eastern part of San Diego County.

One Foothills unit will meet Monday at the residence of Mrs. Sylvia Chambers, 5511 Pennsylvania Ave. in La Mesa. Another unit meeting will be held Tuesday at the home of Mrs. L. H. Roloff, 4500 Date Street, La Mesa.

by Max Goodwin

I want to categorically state that our wives, yours and mine, are without a doubt the most amazing of all God's creatures.

Poets have long sung of mother's love and we fathers have marveled at the mysteries of childbirth. No one will accuse me of being coy because I admit contributing to a great share of some of these things for which women lay claim to fame.

Mother's love, in my immediate case, was not a particular hardship on my mother because as a child, as I remember it, I was a lovable little wretch. That takes care of the mother's love angle. The mystery of childbirth is not at all mysterious, if you compare it with the confusion and mystery which would result if some expectant mother should announce that she had achieved the high purpose of her existence in having an offspring without the succinct aid and abetment of a masculine counterpart.

These things do not confound me at all compared with the activity which comes with our off-day, whether it be Saturday or all day Sunday.

We can come home to complaints that the milk bill does not total right; that the bank account is out of balance; that the grocery man put the wrong vegetables in the bag and not what she bought at all; that she cannot control the youngsters who run wild over the neighborhood; and that the car wouldn't start this morning in spite of the fact that she filled the gas tank just a few weeks ago.

But when Poppa comes home the picture changes. There's a

schedule and everything dovetails. If it's Saturday afternoon the program is set up for shaking the rugs; for defrosting the refrigerator; for cutting the grass; for washing the car; for putting paper on the closet shelves; for packing away the summer things until next year; and indeed, such a schedule is so well integrated that there's not a 30 second break between jobs.

Now I ask you, gentlemen, are our women as unorganized, helpless and sweet all during the week as they indicate they are, or are they the efficient despot, capable of breaking a man to the rack on his afternoon off?

What wondrous creatures our women be!

Anniversary Poses Puzzle For Lanes

What will we call it? It is our first, our third, or a combination of both making it our fourth anniversary? That's the question posed by the Lanes, Roy and Mildred, as November brings up a double anniversary for the businesses they operate.

When the couple started their men's wear shop on Broadway three years ago, a huge palm tree stood where their present shoe business is now being conducted. Last November they started their newest business next door to the men's wear shop and the anniversary dates coincide.

Well, they say, whether we call it one, three or four, we want to share our success with all of our friends and patrons.

The couple will give birthday cake and coffee to all visitors in the store Friday and Saturday, they said.

"It isn't always advisable for a young man to strike out for himself. For instance," says Grant Hadley, Grove machine shop magnet, "in baseball."

Helix Hymn... Our Praise we sing to you, with hearts strong and true, a symbol of our honor, where the cross meets the blue. Our loyal sons, when called, all rally to their clan. The pride of our Highlands, shines forth in each man.

Mind Matters... (Q) Will "taking notes" help in learning? (A) Yes, although too much concentration on taking notes may distract your attention and lessen your understanding of what you are hearing and seeing. It is best to concentrate on what you want to learn; jotting down short notes only when key points are involved. Later on, a hasty review of these notes will help you recall the basic material of real importance. When you grasp the meaning of your fundamental points, the main details will usually come back to you in a hurry.

Alumni Corner... What do the average Helix students (alumni) do after they graduate from school? What does our modern teen-ager continue with after a diploma? To answer these questions I'll tell you what our song and cheerleaders for last year, are doing at present. (Song) Shirley Campbell is going to the Covina Baptist Seminary. College: Renee Wilson is married; Alice Cooter is going to Woodbury college; Sandy Hessen is a songleader at San Diego, JC. (Cheer) Patti Culver is also at Woodbury; Donald Beebe is a senior at Helix this year and is Commissioner of Cultural Affairs and is Capt. of our Pom-Pom Corps; Marylyn Sharp is also a returnee to Helix and is Secretary of the school; and Joni Wilson is going strong up at Pasadena Playhouse. So there, to all you anti-teen-ager people, you see, they know what they're doing, they do it, and they do it right.

TO MARK THE ANNIVERSARY OF OUR TWO STORES

This week we give

THANKS for the privilege of living in a free country... to work as free men at what and where we please and for the privilege of spending the "fruits of our labors" when and where we choose. And we give special thanks for you, our customers, who have chosen to spend a portion of your earnings at our store.

LETTERS TO THE EDITOR

Editor,
Lemon Grove Review:

Dear Sir:
While I enjoy most of the RE-VFW every week because it has nearly everything I want to know about in Lemon Grove, I think the finest weekly article you have concerns shoppers at Davis Food Center.

I turn to that feature every week because it is so human and because I see so many of my neighbors there. I remember about two years ago you used to run a column called "Who's Who" and I followed that carefully but I believe your new column about Davis is even better. Keep up the good work and

After-game party... Pretty Kris Johnston, a Helix gal, threw a hen's-slumber-party the other nite, after a Helix football game, at her home and decided to have a few of 'the boys' over for a spell. Some of the High-land Lads and Lassies seen livin' it up were: Ron McGuire, Tom McCabe, Bob Lebb, Bill Wilson, Russ Kennedy, Mike Gedales, Ron Relf, Ed Perkins, Skip Kenyon, Loretta Bell, Bob Merada, to the Covina Baptist Seminary. Judy Nelson, Neely Westinberger, College: Renee Wilson is married; Janice Jovett, Patsy Burke, Jerry ried; Alice Cooter is going to Woodbury college; Sandy Hessen is a songleader at San Diego, Turner, Karen Dawson, Kris, JC. (Cheer) Patti Culver is also Diane Turnipseed, Peggy Lester, at Woodbury; Donald Beebe is a Tom Simmons, Ron Svalstad, senior at Helix this year and is John Bates, Bernie Svalstad, Commissioner of Cultural Affairs Monty Dickenson, Bob Turnbull, and is Capt. of our Pom-Pom Jack Tracy, Jay Elston, Dick Corps; Marylyn Sharp is also a Young, Dick Dedrick, Barbara returnee to Helix and is Secretary of the school; and Joni Wilson is going strong up at Pasadena Playhouse. So there, to all you anti-teen-ager people, you see, they know what they're doing, they do it, and they do it right.

Greyhounds Enter Home Stretch

Benefitting from the experience that comes with competition, some of the puppy sensations of mid-season are beginning to serve notice on veteran campaigners as the Callente Greyhound Club enters the final stages of its 1953 meeting.

Rarely in recent years have so

many good youngsters been developed at the border track, and heading the list at present is Neva Brunk's brilliant brindle C. E. Evans. This is the powerful 69-pound son of Restored who captured the \$5000 Puppy Derby in August, and since then he has demonstrated his right to race against older dogs.

"Adam And Fallen Man" Lesson-Sermon Subject

The true record of creation, revealing man's dominion and heritage, will be stressed in the Sunday Lesson - Sermon on "Adam and Fallen Man" in all Christian Science churches.

Paul's statement to the Romans (5:18) constitutes the Golden Text: "As by the offense of one judgment came upon all men to condemnation; even so by the righteousness of one the free gift came upon all men unto justification of life."

FIGHT ON CYPRESS

Continued from Page 1

Sedar and Lane said in concert, "They're trying to run the road right under our living rooms again and we don't want it."

"This road has two right angle turns and an S curve. It was built as a connecting link between two secondary roads. It was never expected to be a major thoroughfare and our houses were built with the expectation of this road remaining a connecting link. It will make every driveway a death trap if this fast traffic is moved along this twisting road."

Clark said the turn at Alton and Cypress could be worked in very well but admitted that it would bring the road within eleven feet of the corner of the living room of the residence standing there.

Sedar and Lane said that the County would have to condemn the property and cause law suits before the property could be obtained. They said, "It will be much cheaper to let Skyline run through the old cow pasture where there are no houses and the money it would take the County to condemn us could more than pay for such a road."

A new petition condemning the proposed request for easement was circulated over the weekend. Almost 40 names were acquired in less than two days. The petition dated October 24, 1953 is addressed to the Board of Supervisors and reads, Gentlemen: We the undersigned property owners living on Cypress in Lemon Grove hereby again go on record as opposing any widening of Cypress Ave. from Alton St. to Imperial Ave. Several months ago we submitted a like petition to your board and we feel the same way now. We suggest that there are more practical routes from Skyline Dr. to Imperial Ave. and that these should be checked. The near 40 signatures follow.

George Loveday, 2886 Cypress, carried the first petition to the Board of Supervisors during the spring.

Sedar said, "If it is necessary we will march on the Chamber of Commerce again and demand that they back up their statements that our property would not be taken. They started this thing and they told our group that the property would not be taken. We think it is time for them to do something for the protection of Lemon Grove citizens."

Joe Mack, County Road Superintendent, said that the Cypress Improvement was in this year's budget and the improvement would be made if easements could be obtained.

Dave Bird, County Supervisor, stated that the petition previously submitted was a matter of record.

Traffic count conducted last month by the County Road Department showed 3,354 cars per day on Cypress.

Civil Defense Notes

By Charles Gurley

My boss, Dr. Frank B. Gigliotti, suggested that I interview Fire Chief Hensley and get a story of what our fire department is ready to do in the way of civilian defense. So like a dutiful reporter, over to the firehouse I traipsed.

Chief Hensley told me his department had seven men who work full time, eight men who are on call and ready to answer for work whenever they are called and ten men who receive auxiliary training for civilian defense work. This latter group has now been reduced to seven because of removal from the district.

"One of these deserves special mention. He is Mike Calderone, a teacher at Monterey Heights school, and who will complete his medical course in a short time. His experience has been of considerable help to us. We do need, however, replacements for those who have moved away but in addition we can use another twenty five men who are interested in being of help to their community. These men will receive training which will benefit them and will stand them well throughout their lives."

Chief Hensley took a special course in Civilian Defense at St. Mary's College and is anxious to impart what he learned there to any men who care to join in this activity.

Birch And Alvarez Spark Winners In Recreation Program

Football and softball playoffs in the seventh and eighth grades were held last week during the study hall and lunch periods at noon at the Lemon Grove Junior High. Under the direction of Ben Seiler, boys' physical education instructor, the 8-6 boys, who won the eighth grade championship, defeated the seventh grade winners to become champs of the entire school. Led by Lee Birch and Lorenzo Alvarez, captains, the eighth graders from Mr. Butler's homeroom marched to a 33-0 over the seventh grade champs of 7-3 captained by Morris Nunez, Jr. Members of the 8-6 team included Frank Oyos, Roger Slagill, Ellis Edenfield, Thomas Phillips, Jerry Waddle, and Bob Fetters.

The girls, under the supervision of Miss Laura Becker, girls' coach, played a softball championship. The 8-4 girls, of Harold Brogan's homeroom, defeated the girls of the 7-6 class by a score of 33-4. Linda Walters captained the seventh graders, and Diane Rider led the victorious eighth grade team. Her teammates included Gloria Castellanos, Karen Klaus, Sharon Cassell, Shirley Steigerwald, Martha Valdez, Janice Warden.

Child Care To Be Provided For American Education Week

American Education Week will be emphasized next week when the Lemon Grove School P. T. A. meets to explain the curriculum at the junior high. A brief business meeting will be held first at 7:30 at the Golden Avenue Kindergarten on Tuesday evening, November 10. At 8:00 p. m. the P. T. A. will be invited to visit classrooms at the junior high site on Lincoln and School Lane and to follow the regular schedule of classes which their children follow during each school day. Class periods will be 10 minutes in length.

During these classes, the teachers in the various grades will explain to school patrons the work which they will accomplish during the school term and will answer any questions which patrons may have concerning the overall program.

Refreshments will be served following "class" in the new home economics room. Child care will be provided.
